Wireless portable speaker with speakerphone

Bluetooth 3.0 (A2DP / HFP / HSP)

The StreetParty Wireless comes complete with Advance Audio Distribution Profile (A2DP); the industry-leading standard for audio stereo streaming. This provides you with quality audio delivery from your favourite videos, movies, games and music. Bluetooth 3.0 is also supported across many different Android Smartphones and Tablets, MP3 Players, PCs or Macs.

Rechargeable Lithium-ion Battery

Take your speaker everywhere with the rechargeable lithium-ion battery, with up to 8 hours playback, you'll never miss a beat. Take your speaker from room-to-room, relax to your favourite tunes by the pool or lay back in the park. The StreetParty Wireless is the all-round practical speaker.

Speakerphone

Make and receive calls using the speaker's built-in microphone, the StreetParty Wireless lets you stay connected. Share clear sounding conference calls from anywhere – with colleagues at work, in the car with friends or on your own at home. You can also use the speaker with your favourite social apps including Skype, FaceTime or Viber. Make chatting to the people you care about, clearer.

Line-in Port for Use with Other Music Players

Use the StreetParty Wireless with any music player with a 3.5mm jack. Enjoy your favourite music, movies or games from a Smartphone, MP3 player, Tablet or Laptop by connecting the provided 3.5mm audio cable into the line-in port.

App Compatible

Use the StreetParty Portable with most of your favourite iOS or Android Apps. Feel the roar of the track, explore new levels or mix your music collection in impressive stereo sound. You can also play your favourite music and radio apps directly to the speaker. Play the way it's meant to be heard and amp-up your mobile-media.

Micro-USB Charging

You can charge the StreetParty Wireless from any PC, Mac or USB power adaptor with the USB cable provided. Just plug the USB cable into a USB port and connect the micro-USB to the speaker. The StreetParty Wireless is a true travel companion.
